WORLDWIDE COILED TUBING UNIT COUNT

Historical Data

Although the data contained in this report has been collected from sources believed to be reliable, no warranty, expressed or implied, is made regarding accuracy, adequacy, completeness, legality or reliability of any information. This data is received voluntarily from numerous sources for the sole purpose of providing statistical information for the coiled tubing industry. If you find any errors or omissions, we encourage you to report them to Allison Babin (ababin@icota.com).

The ICoTA Board of Directors would like to give a big thanks to Les Tomlin for his tireless efforts and commitment over the past several years in seeing this project through. We also want to give thanks to those companies and individuals who have worked with Les over the years by providing the much needed information to complete this report.

Unless otherwise specifically stated, the CT Rig Count data is made available to the public by ICoTA. Although the data contained in this report has been collected from sources believed to be reliable, ICoTA does not assume any legal liability or responsibility for the accuracy, completeness, or usefulness of any information disclosed in the CT Rig Count Report. Reference to any specific commercial product, process, service by trade name, trademark, manufacturer, or otherwise, does not constitute or imply its endorsement, recommendation, or favoring by ICoTA or any entities thereof. NOT TO BE USED FOR COMMERCIAL PURPOSES.

This data is received voluntarily from numerous sources for the sole purpose of providing statistical information for the coiled tubing industry. If you find any errors or omissions, we encourage you to report them to Allison Babin (ababin@icota.com). The ICoTA Board of Directors would like to give a big thanks to Les Tomlin for his tireless efforts and commitment over the past several years in seeing this project through. We also want to give thanks to those companies and individuals who have worked with Les over the years by providing the much needed information to complete this report.
